

# Oktoberfest Fireworks

For many of you who over two decades plus, have attended various Germantown Festivals and Celebrations, you certainly have been delighted by the BOOM and BANG of our fireworks displays. Some have rated them, "Better than those at Disney World" or even those at "The Big Apple". Perhaps it is the location so close to our actual celebration, perhaps it is because they are enjoyed sitting right next to family and friends, or perhaps it is the location: where the lights reflect and the sound is magnified off our own Lake George South.

However, those of us in charge give the credit to Empire State Fireworks from Delanson, NY, for owner John and his crews have given us spectacular delight for over 20 years at our celebrations. General Douglas MacArthur once said, "I shall return." Indeed the same can be said of Empire State Fireworks, when, as the sun has completed its decent behind the Catskill Mountains, John and company will return anew to thrill and delight us on Saturday, October 9<sup>th</sup> with yet another of his fabulous displays of sight and sound!!

Since our vendors, crafters and financial sponsors help bring these fantastic aerial displays, there will be **no charge** for this event. May we suggest, **no let us kick that up a notch and encourage, no let's go higher yet and BEG** you to come out early to fully enjoy all that YOUR Oktoberfest has to offer, and to support our crafters and vendors by having lunch and supper with us, to listen to GREAT music all afternoon, and to conclude the day, as the sun sets, with Empire State Fireworks spectacular closing. Come early and get a good seat.

Our community may be small in size, but our energy packs a BANG!!!
